JUPITER SAXOPHONE ARTISTS AROUND THE WORLD

JAMES CHEEKS

Saxophonist - Mo'Horns

"Tone, character, and style: the Jupiter 1100 Series Performance Series saxophone has proven to be a reliable and expressive choice on stage or in the studio. The Sona Pure neck brings character to my sound that resonates and inspires!"

JIMMY BOWLAND

Nashville Performing and Recording Artist

"Jupiter's commitment to continuous improvement and innovation allows me to express every musical nuance. The 1100 Performance Series saxophones are perfect for any player and can help any student achieve their musical goals."

TONAL FOCUS AND PROJECTION

Sona Pure

A special saxophone neck manufacturing process was developed specifically for the 1100 Performance Series with the intent of producing tonal warmth, clarity and purity. This "sona pure" neck gives these instruments a distinctive voice, unique to Jupiter saxophones.

AUDIO SPECTRUM OF REGULAR NECK AND SONA PURE NECK
The special annealing process involved in creating the Sona-Pure™ neck allows for enhanced projection of the lower overtones, giving the 1100 Performance Series saxophones their distinct tonal characteristic.

Personalized Playability

Adjustable keys allow players to fit the instrument to their hands, improving comfort to enhance technical facility.

ADJUSTABLE PALM KEYS

ADJUSTABLE FRONT F KEY

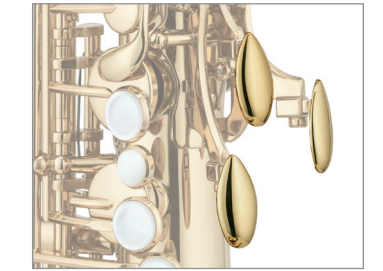

Comfort and Control

JAS1100 provides the most advanced ergonomic keywork to facilitate relaxed hand positions and ease of movement.

The angle and position of side keys promotes a more relaxed hand position.

Ergonomically placed palm keys with height adjustability provides the ultimate personalized comfort.

Optimized lever positions allow for quick and accurate shifts.

JUPITER 1100 PERFORMANCE SERIES SAXOPHONES

are packed with advantages designed to benefit all advancing and proficient players.

Professional mechanisms and Sona-Pure necks distinguish these fine instruments as an

EXCELLENT CHOICE
for all musical idioms.
