

2008-2009 CONCERT DRUMS CATALOG

The foundation of Mapex's Artist series concert toms is the thin 5.1mm shell featuring four outer plies of Maple with two interior plies of Walnut. This combination of a thin shell with walnut interior, and the I.T.S. suspension mounting system and small single point mounted lugs, yields a sound that is warm, open, focused, and musical. Both single and double-headed versions are available in eight sizes each, ranging from 6" to 16".

See page 54 for tom stand information.

Single-Headed

**SPECIAL FEATURE**

Two interior plies of Walnut deliver a dark, rich sound with a wide tonal range.

**ARTIST TOM SETS—SINGLE HEADED**

MODEL	SHELL SIZES	SHELL MATERIAL	HOOPS	LUGS	MOUNTING SYSTEM	FINISH	HEADS	MSRP
<b>ATS0608</b>	6" x 8"			4 Lugs, Single Screw Low Mass				220.00

ATD1614	16" x 14"			8 Lugs, Single Screw Low Mass				500.00

By rising to the challenge of providing pro-level features at a reasonable price, the Mapex Concert series toms set a new benchmark for what should be expected in the school band percussion section.

Birch/Maple combination shells feature single screw low mass lugs and utilize the I.T.S. mounting system to minimize shell contact and maximize tone and resonance. Available in both single head and double head configurations, the Concert series toms are sold in sets of two and include a double stand.

See page 54 for tom stand information.

## Concert Series Tom Sets

### Single & Double-Headed

#### SPECIAL FEATURE

The patented Mapex non-penetrating Isolated Tom Mount System (I.T.S.)

Concert Series  
Bass Drums

The Concert level bass drum from Mapex is designed to offer great sound with a durable design and flexible stand options. Starting with a 7.2mm Birch shell for a full rich sound, the drums are then outfitted with solid aluminum hoops and contemporary tube lugs that provide stability with minimal shell contact. The claws feature nylon sleeves for silent operation and square head tension rods to remove the temptation of wing nuts.

*See page 54 for stand options. Reference pricelist for Full-Length Concert Bass Drum Covers.*

CONCERT BASS DRUMS									
MODEL	SHELL SIZE	SHELL MATERIAL	HOOPS	LUGS	CLAWS	TENSION RODS	FINISH	HEADS	MSRP
<b>CBB2814</b>	28" x 14"			8 Tube-Style					770.00

<b>CBB3616</b>	36" x 16"			12 Tube-Style					1,110.00
<b>CBB3618</b>	36" x 18"								1,160.00

Sustained Sound  
Bass Drums

Like timpani, bass drums rely on proper suspension to maximize resonance and projection. Majestic's SSB bass drums include a full suspension hoop for optimal performance.

Shells are made of Birch (4mm) with beech reinforcing rings and feature Remo® Fiberskyn3™ heads for a warm, concert-quality sound. Durable aluminum hoops are immune to the warping and cracking that can occur with wood hoops.

SUSTAINED SOUND BASS DRUMS									
MODEL	SHELL SIZE	SHELL MATERIAL	HOOPS	FINISH	FRAME	TILT ANGLE	CASTERS	HEADS	MSRP
<b>SSB3618</b>	36" x 18"	4mm Birch w/ Beech Reinforcing Rings	Solid Aluminum	Black Textured Laminate	16 Point Suspension Hoop	360° Rotation, Locking	Double-Locking	Remo® Fiberskyn3™	2,600.00
<b>SSB3622</b>	36" x 22"								2,700.00

Mapex snare drum and tom stands feature double braced legs, die cast memory locks and dual tube construction with slip-proof nylon sleeves to offer stable durability. The ball-in-socket joints allow full freedom of positioning while providing secure hold.

Mapex offers two bass drum stands to suit the performance and budget needs of any program. The tilting stand provides suspension of Mapex Concert bass drums that allows free rotation to any angle. The universal stand provides quick set-up and stable positioning of any size bass drum.
